

# 2<sup>nd</sup> EAYE workshop on Social Networks

## October 3 - 4, 2019

### Call for papers

The European Association of Young Economists (EAYE), in collaboration with the University of Paris 1 Panthéon-Sorbonne and Paris School of Economics, is pleased to announce that the 2<sup>nd</sup> EAYE Workshop will take place in Paris, France, on the 3<sup>rd</sup> and 4<sup>th</sup> of October 2019 under the theme *Humanizing Social Networks*. The workshop will be hosted by Paris School of Economics.

Social and economic ties play a major role in our lives. They are crucial in shaping and explaining technology adoption, peer effects, co-authorships, smoking behavior, obesity, school performance, information diffusion, migration, etc. In recent years, interest in social and economic networks has exploded and it is opening up new avenues for theoretical and applied economic research.

We invite **young researchers** (below 35 years and non-tenured) working on networks related topics (theory, experiments and empirics) to apply to our workshop.

Besides presentations by young economists, we are delighted to announce that two keynote lectures will be given by [Sanjeev Goyal](#) (Cambridge) and [Emily Breza](#) (Harvard).

**Paper Submission:** You are cordially invited to submit your extended abstract (between 4,000 and 8,000 characters) or full paper at <https://eaye2019.sciencesconf.org/> by **1<sup>st</sup> of June 2019**. Authors will be informed about the acceptance of their submission by 30<sup>th</sup> of June 2019.
